

850 BIKE BOX SERIES

TIPOLOGY

You can store bicycles, skis, recycling bins, garden equipment, lawnmowers, toys and more in the bike shed.

STRENGTHS

- The walls made from pre-painted and insulated steel panels add strength and resistance to the bike shed, and ensure the perfect storage and conservation of your property.
- The elegant colours and materials allow the bike shed to blend in perfectly in your garden.
- The Italian design adds that touch of originality and sophistication to the bike shed expected of a hand-crafted product.

FEATURES

The walls made from pre-painted and insulated steel panels add strength and resistance to the bike shed, and ensure the perfect storage and conservation of your property. The elegant colours and materials allow the bike shed to blend in perfectly in your garden.
